AIMS, GOALS AND OBJECTIVES

To provide a high level of individual care, attention and support in a safe and secure environment.

INTERNATIONAL STUDENTS

The College asks that any specific needs are identified during the enrolment procedure and attempts to meet specific requirements and make reasonable adjustment as far as possible. These may include dietary requirements, specific requests about host family arrangements, airport pick-up etc.

The College provides the required documentation to support students in obtaining Tier 4 visas but cannot provide individual advice in this area. The College, whilst being as helpful as possible, advises students, parents and agents to seek professional advice in such matters.

During the student's induction, international students are specifically supported in:

- Registering with the Police
- Opening a bank account
- Registering with a GP and dentist
- Locating ATMs and other survival basics
- Knowing where to seek help and advice within College

PROVISION OF EXTRA-CURRICULAR ACTIVITIES

The College prides itself on being a strong academic College where a large part of the focus is on academic success. There are, however, opportunities to engage in a variety of extra-curricular and co-curricular activities during students' time here.

During the year, specific College activities are organised within and outside College to encourage students to socialise, communicate and enjoy a sense of participation within a community.

The students are encouraged to participate in a Student Council which identifies students' interests and requests the provision of activities and facilities.
