UNIVERSITY Admissions Report 2022

ANOTHER splendid year

Despite the domino effect of the disruption caused by the pandemic, we celebrate another record-breaking year for OIC in getting university offers.

This year, we have helped our students get **406** offers for:

96 different degrees at **66** universities worldwide

These offers are primarily competitive courses at the top-ranked universities across the world, including:

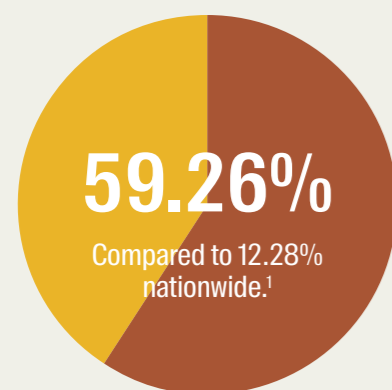

- » Cornell University
- » University of California, Berkeley
- » The University of Chicago
- » University of California, Los Angeles (UCLA)
- » University of Toronto
- » University of Cambridge
- » University of Oxford
- » The University of Hong Kong
- » Chinese University of Hong Kong
- » National University of Ireland, Galway

These included courses such as:

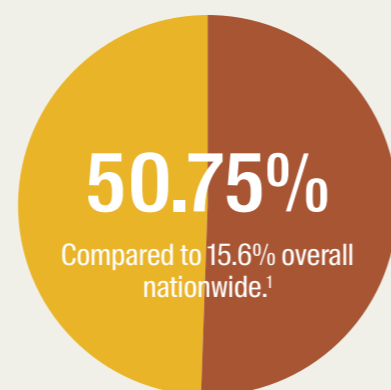

- » Medicine
- » Law
- » Engineering
- » Philosophy, Politics and Economics
- » Archaeology and Anthropology
- » Aeronautical Engineering
- » Mathematics
- » Computer Science

SUCCESS RATE

We have also had high success rates at other prestigious universities in the UK.

IMPERIAL COLLEGE LONDON
For non-medicine subjects
(Medicine: 23.8%; Compared to 12.15% nationwide.)

UNIVERSITY COLLEGE LONDON (UCL)
For non-medicine subjects
(Medicine: 9.1%)

YASMIN SARWAR, CHIEF EDUCATION OFFICER

“ With universities making the least number of offers in a decade, the last academic year was once again unprecedented, it is, therefore, an outstanding achievement for OIC students to have maintained the college’s fine record of success, gaining places in the most competitive courses at leading institutions globally.

We are all immensely proud of their achievements. As always, a big thank you to all the staff for all the work that has gone into teaching, advising, and supporting these young people. ”

75 G5 Universities Offers

1 IN 2

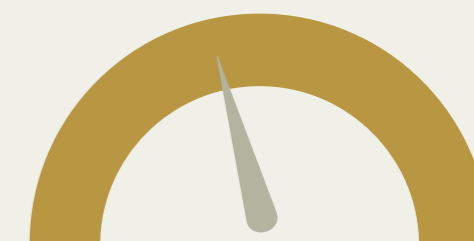

G5 universities applicants got at least **ONE G5 offer**

1 IN 3

Cambridge Medicine applicants received an offer

Compared to 1 in 7 nationwide.¹

Our students received **40%** of the **Cambridge Medicine offers** available to international students²

¹ We compare ourselves to the latest nationwide G5 universities’ admissions statistics, but that is not entirely factual - our students come from all over the world and must factor in restrictive admissions caps and quotas, making their achievement even more remarkable.
